

## **Section 1: Identification of the Substance/Mixture and of the Company**

### **Product identifier**

|                |              |
|----------------|--------------|
| Product Name   | PEACH KETONE |
| Product Number | 772-3045     |

### **Relevant identified use of the substance/mixture and uses advised against**

|                          |                  |
|--------------------------|------------------|
| Use of Substance/Mixture | Fragrance agent. |
|--------------------------|------------------|

### **Details of supplier of the SDS**

|           |                                                                                |
|-----------|--------------------------------------------------------------------------------|
| Company   | O'Laughlin Corporation Limited                                                 |
| Address   | Suite 903, The Chinese Bank Building, 61-65 Des Voeux Road, Central, Hong Kong |
| Telephone | (852) 2527 1031                                                                |
| Fax       | (852) 2529 0231                                                                |
| Website   | www.olaughlinco.com                                                            |

### **Emergency telephone number**

(852) 2527 1031

## **Section 2: Hazards Identification**

### **Classification of the substance or mixture**

#### **Classification according to Regulation (EC) No 1272/2008**

Serious eye damage/eye irritation, Category 2A, H319

Hazardous to the aquatic environment – chronic toxicity, Category 1, H410

Hazardous to the aquatic environment – chronic toxicity, Category 3, H412

### **Labelling elements**

#### **Labelling according to Regulation (EC) No 1272/2008**

### **Pictogram**

**Signal word**                      **Warning**

### **Hazard Statement**

H319 - Causes serious eye irritation.

H410 - Very toxic to aquatic life with long lasting effects.

H412 - Harmful to aquatic life with long lasting effects.

### **Precautionary statement**

#### **Prevention**

P264 - Wash ... thoroughly after handling.

P273 - Avoid release to the environment.

P280 - Wear protective gloves/ protective clothing/ eye protection/ face protection.

#### **Response**

P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

## Safety Data Sheet

Version: 5.0

Revision date: 01/01/2025

P337 + P313 - If eye irritation persists: Get medical advice/ attention.

P391 - Collect spillage.

### Storage

P403 - Store in a well-ventilated place.

### Disposal

P501 - Dispose of contents/ container in accordance with local/ regional/ national/ international regulations.

**Hazards Not Otherwise Classified** No information available.

**Supplemental Hazard Information** No information available.

Product Name: PEACH KETONE

### Section 3: Composition/information on ingredients

| Substance Name | 2-(2-(4-METHYL-3-CYCLOHEXEN-1-YL)PROPYL)CYCLOPENTANONE |
|----------------|--------------------------------------------------------|
| CAS Number     | 95962-14-4                                             |
| EC Number      | 404-240-0                                              |
| % (w/w)        | 100                                                    |

Remarks: The rest unspecified ingredients are impurities, and they are not hazard.

### Section 4: First Aid Measures

#### Description of first aid measures

- Skin contact** Wash off with soap and plenty of water. Consult a physician.
- Eye contact** Rinse thoroughly with plenty of water for at least 15 minutes and consult a physician.
- Ingestion** Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.
- Inhalation** If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

#### General information

Consult a physician. Show this safety data sheet to the doctor in attendance.

**Indication of any immediate medical and special treatment needed:** No information available.

### Section 5: Fire-fighting Measures

#### Flammable properties

Flash point 162°C

#### Firefighting

Suitable extinguishing media Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

Unsuitable extinguish media Do not use a solid water stream as it may scatter and spread fire.

#### Protective equipment and precautions for firefighters

Specific hazards during firefighting Carbon oxides.

Specific protective equipment for firefighters Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Structural firefighter's protective clothing will only provide limited protection. Wear self-contained breathing

Version: 5.0  
Revision date: 01/01/2025

## Safety Data Sheet

Product Name: PEACH KETONE

Specific methods

General fire hazards

apparatus with a full-face piece operated in the positive pressure demand mode when fighting fires.

Use water spray to cool unopened containers

Static charges generated by emptying package in or near flammable vapor may cause flash fire.

### **Section 6: Accidental Release Measures**

Personal precautions

Use personal protective equipment. Avoid breathing vapours, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. For personal protection see section 8.

Environmental precautions

Do not let product enter drains.

Methods for cleaning up

Soak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal.

### **Section 7: Handling and Storage**

Storage

Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage.

Handling

Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. Normal measures for preventive fire protection.

Specific end use(s)

No information available.

### **Section 8: Exposure Controls/Personal Protection**

Control parameters: Components with workplace control parameters.

Exposure controls

Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

Personal protective equipment

Eye/face protection

Safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Hand protection

Type of gloves recommended: Butyl rubber. Minimum breakthrough time/ gloves: 480 min. Minimum thickness/ gloves 0.11 mm.

Body protection

Impervious clothing, the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection

Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US)

Version: 5.0

Revision date: 01/01/2025

## Safety Data Sheet

Product Name: PEACH KETONE

**Thermal hazards**

or CEN (EU).

Wear suitable protective clothing to prevent heat.

**Environmental exposure controls**

Avoid discharge into the environment. According to local regulations, Federal and official regulations.

**Industrial hygiene:**

When using do not smoke. Keep away from food and drink. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/ or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

### **Section 9: Physical and Chemical Properties**

|                                  |                                  |
|----------------------------------|----------------------------------|
| <b>Appearance</b>                | Colorless to pale yellow liquid. |
| <b>Odor</b>                      | Fruity, peach odor.              |
| <b>Flash point</b>               | 162 °C                           |
| <b>Boiling point</b>             | 287 °C at 760 mm Hg              |
| <b>Specific Gravity</b>          | 0.9610 - 0.9650 at 25 °C         |
| <b>Refractive Index</b>          | 1.4930 - 1.4970 at 20 °C         |
| <b>Solubility (ies)</b>          | Insoluble in water.              |
| <b>Auto ignition temperature</b> | No information available.        |
| <b>Viscosity</b>                 | No information available.        |

### **Section 10: Stability and Reactivity**

|                                           |                                                                                               |
|-------------------------------------------|-----------------------------------------------------------------------------------------------|
| <b>Reactivity</b>                         | Stable under normal temperatures and pressures.                                               |
| <b>Chemical stability</b>                 | Stable at room temperature in closed containers under normal storage and handling conditions. |
| <b>Possibility of hazardous reactions</b> | No hazardous reactions known.                                                                 |
| <b>Conditions to avoid</b>                | No information available.                                                                     |
| <b>Incompatible materials</b>             | Strong oxidizing agents, strong bases, mineral acids.                                         |
| <b>Hazardous decomposition products</b>   | No information available.                                                                     |

### **Section 11: Toxicological Information**

**Information on likely routes of exposure:**

|                     |                           |
|---------------------|---------------------------|
| <b>Inhalation</b>   | No information available. |
| <b>Skin contact</b> | No information available. |
| <b>Eye contact</b>  | No information available. |
| <b>Ingestion</b>    | No information available. |

**Information on toxicological effects:**

|                                 |                                  |
|---------------------------------|----------------------------------|
| <b>Oral/Parenteral Toxicity</b> | Acute, LD50 Rat, > 2000 mg/kg    |
| <b>Dermal Toxicity</b>          | Acute, LD50 Rabbit, > 2000 mg/kg |
| <b>Inhalation Toxicity</b>      | No information available.        |
| <b>Germ cell mutagenicity</b>   | No information available.        |

**Carcinogenicity**

**OSHA**

No component of this product present at levels greater than or equal to 0.1% is

Version: 5.0

Revision date: 01/01/2025

## Safety Data Sheet

Product Name: PEACH KETONE

### IARC

identified as a carcinogen or potential carcinogen by OSHA.

### ACGIH

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

### NTP

No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

### Reproductive toxicity

No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

### TOST - single exposure

No information available.

### TOST - repeated exposure

No information available.

### Aspiration hazard

No information available.

No information available.

## Section 12: Ecological Information

### Eco toxicity

Fish: LC50 (30 days) 340 µg/L

Aquatic invertebrates: EC50 (48 h) 490 µg/L

Aquatic algae and cyanobacteria: EC50 (72 h) 250 - 2 900 µg/L

Microorganisms: EC50 (3 h) 100 mg/L

### Persistence and degradability

No information available.

### Bio accumulative potential

No information available.

### Mobility in soil

No information available.

### Results of PBT&vPvB assessment

No information available.

### Other adverse effects

No information available.

## Section 13: Disposal Considerations

### Disposal instructions

Do not discharge into drains, water course or onto the ground. Do not allow this material to drain into sewers/ water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/ container in accordance with local/ regional/ national/ international regulations.

### Local disposal regulations

Dispose in accordance with all applicable regulations.

### Hazardous water code

No information available.

### Waste from residues/unused products

Empty containers or liner may retain some product residues. This material and its container must be disposed of in a safe manner.

### Contaminated packaging

Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

## Section 14: Transport Information

|               | ADN                                   | ADR | RID | DOT BULK | DOT NON-BULK | IATA | IMDG |
